WARNING

This document contains information affecting the national security of the United States within the meaning of the espionage laws U. S. Code Title 18, Sections 793 and 794. The law prohibits its transmission or the revelation of its contents in any manner to an unauthorized person, as well as its use in any manner prejudicial to the safety or interest of the United States or for the benefit of any foreign government to the detriment of the United States. It is to be seen only by personnel especially indoctrinated and authorized to receive information in the designated control channels. Its security must be maintained in accordance with regulations pertaining to TALENT-KEYHOLE Control system.

## PREFACE

This report is one in a series on Soviet Ground Force and Logistic installations being prepared for a DIA/CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1P1a (DIA). The photographic analysis for this particular report was performed by the Production Center 1P1a.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage/maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank/assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training areas or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

## SUMMARY

A probable ammunition storage area is located 20 kilometers (km) east of Leningrad (Figure 1) in a predominately agricultural area.

The installation covers approximately 170 acres (mostly cleared), is double secured, and contains 9 dispersed, revetted probable ammunition storage buildings, 1 security building, and 4 miscellaneous support buildings. A small support area containing 1 probable barracks/

administration building and 18 miscellaneous support structures is adjacent to the eastern perimeter of the storage area. Six probable guard towers are located between the fences (Figures 2 and 3).

[ ] KEYHOLE missions of interpretable quality covered the facility between [ ]  
[ ] No significant change was observed.

## DESCRIPTION OF INSTALLATION

### Railroad Service

The Leningrad-Mga single track railroad is located 1 km west.

### Road Service

Secondary roads serve the area.

### Aircraft Landing Strip

Leningrad/Ruchi airfield is 18 km northwest.

### Administration and Troop Housing Area

Area D contains 1 probable barracks and 17 miscellaneous support buildings.

### Ammunition Storage Area

Area F contains 9 dispersed probable ammunition storage buildings, 4 support buildings,

and 1 security building. The site contains a few trees but it is primarily a cleared area. Agricultural lands surround the facility.

### POL Storage Areas

POL storage is available in Leningrad, 20 km east.

### Other Buildings

Area H contains 6 probable guard towers situated between fences and 1 miscellaneous support building located outside the fences.

### Unidentified Facilities or Tracking Activity

Area T contains old excavations enclosed by a single loop road.
